### Accommodations

The resort's 444 guest rooms, including 22 suites, have been completely renovated, elegantly furnished in early California style with richly carved dark woods, crown moldings and sumptuous bedding, and include 42-inch plasma televisions. The rooms' greatly enhanced baths feature slab granite countertops and beautiful millwork cabinetry. Each room comes equipped with all the modern conveniences on the inside, including two-line telephones and high speed internet access, while private patios and balconies provide a serene setting on the outside.

### Conference and Meeting Facilities

Twenty-eight spacious and well-appointed meeting rooms comprise the resort's 41,000 square feet of flexible meeting space, while stunning outdoor venues make the most of the desert climate. All are within close walking distance of each other and to guest accommodations, allowing for seamless transitions between events.

There are two elegant ballrooms: Las Palmas Ballroom, the larger at 12,900 square feet, caters to gatherings of up to 1,200 while the 10,000-square-foot Fiesta Ballroom accommodates 1,000. From the Fiesta, stairs lead up to the equally expansive Starlight Terrace on the second floor for impressive receptions under the desert sky.

### Technology and Business Services

All meeting rooms are outfitted with state-of-the-art teleconferencing capabilities to accommodate today's high-tech programs, along with wireless Internet access. Wireless is also available in all public areas, while guest rooms are wired for high-speed Internet access. The resort's full-service business center is equipped with everything guests need to conduct business away from the office.

### Spa & Fitness Center

The 20,000 square foot, award winning Spa Las Palmas was made even better with a facelift of its own to start 2008. 26 treatment rooms, all secluded on the second level of the spa, offer guests a tempting selection

of pampering massage treatments, body therapies and facials, while a private spa pool allows guests to relax outdoors in isolation. Our state of the art fitness center features Cybex fitness equipment, Elliptical Walkers, Startac steppers, treadmills, stationary and recumbent bicycles, and personal televisions and VCRs to use with all cardiovascular equipment.

### Golf

The Rancho Las Palmas Country Club is home to a Ted Robinson-designed 27-hole golf course. More than 1,500 palm trees line the well-manicured fairways, which meander over gently rolling terrain and around six lakes at the base of snow-capped Mount San Jacinto.

### Other Activities

Splashtopia, the incredible new two acre water feature, with a 425 foot lazy river, water slides, sandy beach and more, highlights recreation at Rancho Las Palmas. The Tranquility Pool, for adults only, is a haven of poolside relaxation and rejuvenation. The resort is also home to the desert's largest tennis center, with 25 courts managed by Peter Burwash International. There are fitness trails for hiking and jogging, miniature golf, as well as horseback riding and rock climbing nearby. The exciting shops and restaurants of The River are just steps away. Also nearby are the El Paseo Shopping District and downtown Palm Desert/Westfields Shops, and the natural wonders of Joshua Tree National Park, Idyllwild and the Salton Sea.

### Dining

Resort guests will enjoy a tempting array of all new dining options, highlighted by bluEmber, the new signature restaurant designed by the renowned Puccini Group. Open for breakfast, lunch and dinner, bluEmber features fresh California cuisine and offers an array of private dining options for groups of all sizes. Lunch and tropical drinks are on the menu at the poolside Splash Grille, while Palms Café features Starbucks® coffee and light fare. The renovated Clubhouse at the Country Club is a popular gathering spot as well.
